GENTLEMEN

ETIQUETTE TRAINING PROGRAM

Tangible Horizons Gentlemen Etiquette Training (GET) Program is designed for boys, ages 8-16, to teach the principles of etiquette and social conduct, turning rules into habits and developing good positive attitudes.

Each Saturday of the month, a 90-minute training is conducted at Youthville Detroit, where boys develop a sense of appropriate social conduct, self-confidence, self-awareness, self-esteem, self-respect and respect for others, especially for women. The objective of this course is to cultivate the chivalry in each of our young masterpieces and teach them to be leaders and true gentlemen.

Children who are introduced to etiquette at an early age often develop into respectful adults.

Using role-playing and other interactive techniques to address issues such as conduct, appearance, self-control and language, the emerging gentlemen are firmly convinced that embracing the principles of etiquette is not a sign of weakness but rather an empowering symbol of strength.
