

Gentlemen Etiquette Training Program (GET Program)

An Etiquette Club For Boys

This program is designed for young boys, ages 8-16, to teach the principles of etiquette and social conduct, turning rules into habits and developing good positive attitudes. Our goal is to assist in developing young gentlemen with an enlightened sense of appropriate social conduct, self-confidence, self-awareness, self-esteem, self-respect and respect for others, especially for women. Children who are introduced to etiquette often develop into respectful adults.

The objective of this course is to cultivate the chivalry in each of our young masterpieces and teach them to be leaders, not followers. The emerging gentlemen are convinced that embracing the principles of etiquette is not a sign of weakness but rather an empowering symbol of strength.

The plan for the GET Program is to use role-playing and interactive techniques to address issues such as appearance, self-control, language and conduct. Activities will be many, including the opportunity to experience dining at a formal restaurant.
